Availability of Business Services

- You acknowledge that we may make Business Services available to you from time to time but we are not under an obligation to do so.

- You acknowledge your Accounts used in connection with the Business Services may not be included in an aggregate view of all your Accounts, and you may be required to access your business-related Accounts separately from other Accounts.

Enrollment in Business Services

- To enroll in Business Services, one of the Business' designated Signing Officers must complete the registration procedure. Implementation of the Business Services is subject to our review and approval.
- If the Account has a dual-signature requirement, then the following shall apply:
 - Two of the designated Signing Officers must complete the registration procedure.
 - Transactions under the Business Services cannot be performed on the Account until two Signing Officers have completed the Business Service registration process.
 - During the period where only one of the Signing Officers has completed the registration process the Account will be available to be viewed by the initial Signing Officer that has completed the registration process.
 - We may reject the Business's enrollment in Business Services if two Signing Officers do not complete the Business Service registration procedure within fifteen (15) calendar days.

Different Levels of Access

- We may provide different levels of access to the Business Services for different categories of Business Users. A Business User's ability to access an Account and use the Business Services will be limited by the level of access that we provide to him/her/them. It is the responsibility of the Business to ensure that the level of access we provide to a particular Business User is appropriate for that person.
- By designating a person as a Signing Officer, the Business is authorizing that person to view information about the Business and to carry out online Transactions on behalf of the Business. In addition, Signing Officers are authorized to appoint and remove Delegates on behalf of the Business.
- If the Business requires more than one Signing Officer to authorize a Transaction, then we may allow one Signing Officer to initiate a Transaction. However, another Signing Officer(s) will generally be required by us to approve the Transaction. Nonetheless, the Credit Union may (in its sole discretion) choose to receive or rely on instructions from any single Signing Officer on behalf of the Business even if two or more signatures are otherwise required to operate the Account (e.g. to sign cheques, etc.).

- By designating a person as a Delegate, the Business is authorizing that person to access and view information about the Business and the Account.
- Delegates do not have the right to carry out online Transactions on behalf of the Business. Any Transactions which are started by an Initiator Delegate must be authorized by a Signing Officer (or Signing Officers if dual authorization is required) before being completed.
- We are not responsible for determining the adequacy of the authority of any Business User and we are entitled to rely on any instruction provided to us by a Business User which is within the scope of their designated authority as set out above. It is the Business's responsibility to verify the identity of each Signing Officer or Delegate at the time of their appointment and to provide that information to us when requested.
- A Business User has the authority to request that the Credit Union stop printing or mailing Account statements to the Business.

Collection, Use and Disclosure of Personal Information

- The Business will ensure that each Business User consents to the collection, use and disclosure of their personal information as required in order for us: (i) to verify their identity (including biometrics); (ii) to provide financial services and products to the Business, including to carry out actions and Transactions as the Business User may instruct; and (iii) to comply with legal and regulatory requirements.
- The Business agrees to provide, on our request, full particulars of the identities of any and all Signing Officers, Delegates and other officers, employees or parties related to the Business.

Business User Compliance with Agreement and Security Matters

- The Business will ensure that each Business User is aware of and complies with this Agreement including all Terms and Conditions relating to appropriate use and security of the Business Services. Without limiting the generality of the foregoing, the Business will ensure each Business User discharges the duty to carefully choose a Password, the duty to keep Passwords secret, and the duty to change Passwords and notify us if the Business User suspects that someone else knows a Password. In addition, the Business will ensure that each Electronic Device that a Business User uses to access the Business Services on behalf of the Business has an up-to-date anti-virus program, anti-spyware program and a firewall, where such security measures are available for the Electronic Device.

Unauthorized Use/Entry Errors

- The Business accepts responsibility for all liability that may arise as a result of: (i) a Business User authorizing a Transaction on behalf of the Business, whether with or without the Business' specific authorization in any particular instance; or (ii) a Business User making entry errors.
- The Business also accepts responsibility for all liability that may arise from any unauthorized use of the Business Services, including a Business User misusing his or her authority in any way, either purportedly on the Business' behalf or for personal or other purposes.

Indemnity by Business

- The Business agrees to indemnify and save us harmless from and against all liability that may arise (other than due to our own negligence or misconduct), including legal fees and disbursements reasonably incurred by us, arising from a breach by the Business or a Business User of any part of this Agreement, or from our acting or declining to act upon any instruction or information given to us in accordance with this Agreement. This indemnity is in addition to any other indemnity or assurance against loss that the Business may provide to us, and will survive any termination of this Agreement.
